

Policy 3.3

Material Challenge/Reconsideration

Individuals who wish to request that the Library reconsider the inclusion or exclusion of a specific item in the collection may complete a "Request for Reconsideration" form (Appendix 2). The request will be reviewed by the Director. A written reply will be sent to the individual. If that individual is unsatisfied with the response, the request for reconsideration will be forwarded through the Director to the Library Board for review and final decision.

No item will be removed from the collection for the sole reason that the philosophy, perspective, ideas, or views contained in the item is opposed by the individual requesting reconsideration.
